[Open Portfolio](#)

I am a software developer with a passion for building products with great design, I am fueled by my passion to keep learning and improving myself with the skill-set needed to work with any technology, that's why I consider myself, a forever student, eager to master a skill and move on to the next.

Community-Experience

Hackathon4Justice Mentor

Facebook UNODC came together in Jan 2020 to hold an hackathon for undergraduates in Nigeria, developers where shared into teams and they built products for social good and justice. I mentored the developers and was also a code reviewer on that day.

DevC Training With Mentor

#DevCTrainingwithAndela is a Facebook and Andela partnership to train 2500 developers across Nigeria and Kenya in web development technologies. I gave technical help in Feb 2019 to my learners by assisting them with challenges related to their learning.
